EXHIBITION AGREEMENT AND REGISTRATION FORM

1.NAME OF EXHIBITION: UCTEA Chamber of Mining Engineers, 6th International Drilling Congress and Exhibition of Turkey

2.CONTRACTORS: Organizer of the Exhibition UCTEA Chamber of Mining Engineers (hereafter CHAMBER) and participant Companies (hereafter COMPANY).

3. LOCATION and DATE: Mineral Research and Exploration General Directorate, ANKARA

4. EXHIBITION ORDER

4.1.The outlines of the exhibition area will be provided by the CHAMBER. COMPANY will exhibit its products and services in the areas allocated to them in accordance with the terms of this contract. CHAMBER has the right to change the general layout of the exhibition area when it is necessary. Please find attached the outline of the exhibition area. The required information related to the product or service have to be provided by the COMPANY's booth attendant.

4.2.The Company, which rents the neighboring booth, may be changed due to the arbitrary reason. For these reasons, the other COMPANY cannot regard the CHAMBER as responsible and cannot make claim on change.

4.3.The COMPANY is responsible for the damage that may occur in the exhibition area caused by transportation. The COMPANY cannot show the CHAMBER as buyer for any product shipped or send to the exhibition area. The COMPANY cannot claim compensation from the CHAMBER for reasons such as incomplete and incorrect deliveries, damaged materials and wrong storage of the any material.

4.4.Standard Booth: The system that is rented to the COMPANY during the congress consisting of the melamine coated chipboard panel and aluminum profiles which defines the boundaries of the booth having numbers of facades which is predetermined in the project. There are two chairs for each of the booth, one desk, one trash can and one socket included to the booth system. Extra services and equipment requests by COMPANY before the date April 25, 2025 will be provided for the fee if it is approved by the CHAMBER. Since the standard booths have no carrying property, it is not allowed to drill or nail the panels and stick the advertising material on it. Only light weighted pictures are allowed to put it on and the use of the double-sided tape is demanded. The products to be exhibited should be designed to remain in the airspace belonging to the booth area.

4.5.Special Booth: The Special Booths belongs to The COMPANY must be designed so as to remain within its own area and airfield. The sizes of the booths will be determined by CHAMBER and cannot be carried to the neighboring booths and corridors, cannot be pierced and anchored. Only the double-sided tapes can be used for the carpets and similar materials to be affixed to the floor, and it is necessary to clean these tapes from the booth while dismantling of the booth. Adhesive materials are strictly forbidden. CHAMBER leaves a socket the COMPANY at any place of the booth area for the use of electricity. The COMPANY is responsible for the distribu-
